SUMMARY

Software Engineer with hands-on experience in backend and full-stack development, specializing in PHP, Laravel, CodeIgniter, Node.js, JavaScript, MySQL, and Redis. Experienced in developing and maintaining REST APIs, service-based architectures, high-traffic web applications, performance optimization, debugging, and root cause analysis. Worked part-time at Jotform and gained additional experience through freelance software projects. Also experienced in leading software teams in national and international engineering competitions, including TEKNOFEST and IREC rocket projects. Strong background in problem solving, system design, version control, and building reliable, scalable software solutions.

EXPERIENCE

Jotform

Backend Engineer — November 2024 – June 2026, Istanbul (Remote)

- Develop and maintain backend services with PHP, applying MVC architecture, OOP and clean-code principles.
- Design and build RESTful APIs and third-party API integrations, including webhooks and background jobs.
- Work with PostgreSQL, MySQL and Redis; contribute to query optimization and performance improvements.
- Use Docker-based development environments and CI/CD pipelines for deployment, monitoring and logging.

Back-End Developer Intern — August 2024 – September 2024, İstanbul (Remote)

Değişim Yazılım ve Tasarım

Part-Time Back-End Developer — July 2019 – March 2020, Ordu, Turkey

Back-End Developer Intern — June 2017 – August 2017, Ordu, Turkey

SKILLS

Backend Development: PHP, Laravel, RESTful API, Third-Party API Integrations, Webhooks, Queue Systems, Background Jobs, Microservice Architecture, MVC Architecture, OOP, Clean Code, Exception Handling, Unit Testing, Node.js, CodeIgniter

Databases: PostgreSQL, MySQL, Redis, Query Optimization

Cloud & Tools: Docker, CI/CD, Git, GitHub, AWS, Cloud Services, Deployment, Monitoring, Logging, Debugging, Postman

Language: English – B2

EDUCATION

Information Systems Engineering

Kocaeli University • Kocaeli, Turkey • 2026 • 2.91

- Software Team Lead, Lavira Rocket Team (2021 – 2025); Software Team Lead, TAISAT (2024)

Computer Programming

Ordu University • Ordu • 2020 • 3.2

Vocational High School Diploma

Ordu TOBB Mesleki Ve Teknik Anadolu Lisesi • Ordu • 2018 • 3.55 • First Place Graduate

- Field of Study: Information Technology / Database Programming

AWARDS & HONORS

TEKNOFEST Finalist — Orta İrtifa Roket Yarışması — 2026
IREC Finalist — Spaceport America Cup — 2024
TEKNOFEST Finalist — Orta İrtifa Roket Yarışması — 2024
TEKNOFEST Finalist — Model Uydu Yarışması — 2023
IREC Finalist — Spaceport America Cup — 2023
TEKNOFEST Finalist — Orta İrtifa Roket Yarışması — 2022
High School First Place Graduate — Ordu TOBB Mesleki Ve Teknik Anadolu Lisesi — 2018

CERTIFICATIONS

Project Management — Google — 2022
Game Development — Google, Oyun ve Uygulama Akademisi — 2022
Git and GitHub — Microsoft Learn Student Ambassadors — 2021
